BATLOW CIDER CO.

Batlow, NSW

Home to the landmark "Big Apple", Batlow is a small country town located in the Snowy Mountains region of NSW, about 450km south-west of Sydney. A combination of a precise climate, nutrient rich soil and careful growing methods by growers make Batlow Apples second to none. In fact Batlow Apples are "Australia's Favourite Apples" and have been since 1922.

Batlow Apples is 100% Australian and grower owned. We think it makes perfect sense to turn "Australia's Favourite Apples" into Australia's favourite cider.
